CHRISTMAS AND NEW YEAR MESSAGE FROM MANAGEMENT

As the year 2024 draws to a close, it has become necessary to look back in retrospect and thank the Lord who guided and protected members of the University Community thus far. I therefore thank members of staff both academic and non-teaching staff for their dedication to duty and to the ideals of the University which has helped the University to make progress in various spheres of the University including academics and administration, mentoring and moral guidance of our students. Your contributions has moved up the University in the ladder of progress and kept it in its enviable place today especially given the successes recorded in various Accreditations the University went through within the year intended to reposition our academic progress.

I therefore seize this opportunity to wish members of the University Community a Happy Christmas and a prosperous New Year on behalf of the Vice Chancellor and Management

Steve E. Odo
